

IEEE Citation Refresher Assignment

This assignment is to be worked on individually (you can use your Hybrid Hour)

Due date: Friday January 20th via BlackBoard

TASK:

- Make a Reference Page (there should be a header centered called 'References' at the top of the page)
- Cite the following five sources on your reference page according to IEEE guidelines. You may have to go to the AC Library Page and search for the article to get all of the information (ie: journal number, pages, dates, etc)
- HINT: CLICK THE PDF and OPEN the PDF to see all of that info. If you only look at the AC Library info provided, you will probably be missing info!
- Check the PDF for examples, use the Murdoch library link in this powerpoint, or use Citation Formatters (but always check them!)
- Submit your citations via BlackBoard by Friday January 20
- This is worth 2% of your final grade.
